

 **Speed Queen.** MULTI-HOUSING

PUSH TO START COMMERCIAL WASHERS & DRYERS

DEDICATED TO SETTING NEW STANDARDS

We are the world's largest commercial laundry company, with an undeniable history of proven performance and reliability. Property owners rely on the practical ingenuity of features designed to make their lives simpler and more productive. Our commercial-grade construction is rugged, dependable and built to last.

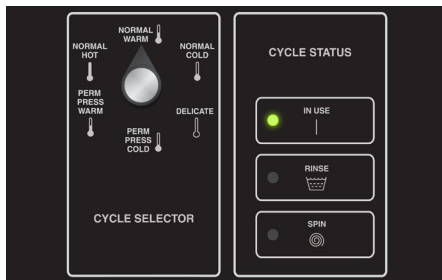

As the commercial laundry industry leader, our valuable network of authorized laundry service providers is in place to provide you with the time and attention you deserve. Your local laundry service provider can assist you with laundry solutions for your property, including a space saving design, cost efficient equipment and business control systems.

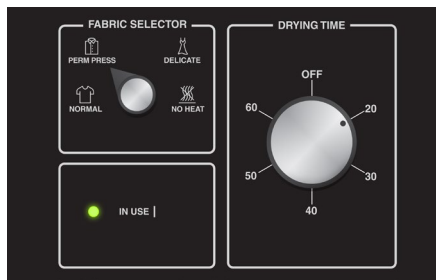

PUSH-TO-START CONTROLS

Optimizing Laundry Room Efficiency

Our straight forward design and commercial-grade construction help make your life simpler and more productive, thanks to the practical ingenuity of features designed to reduce utility expenses without sacrificing performance. Our push-to-start control line provides easy push-to-start activation indicated by "In Use" light.

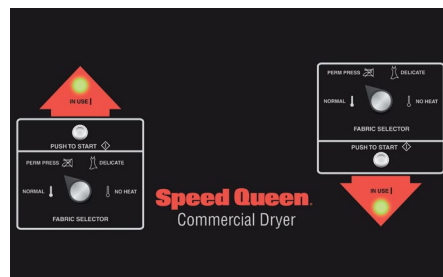

Top Load Washer - Two Speed Control

Single Load Dryer Control

- Six Wash Cycles: Features six total cycles, including three "water saver" cycles: Normal, Perm Press and Delicate.
- Three Wash Temperatures: Offers user-selected options for Hot, Warm, or Cold wash temperatures.
- Four Dryer Heat Cycle Options: Choose from Normal, Perm Press, Delicate and No Heat.
- Time Dry Option: Allows users to select a specific cycle time for greater user control.

Stack Dryer

BUILT FOR RELIABLE PERFORMANCE

TOP LOAD WASHER

Speed Queen® top load washers are constructed from heavy-duty components to ensure an extended life, including a stainless steel wash tub, all-metal transmission and a commercial-grade cabinet finish.

- Commercial-grade stainless steel wash tub standard.
- Curved four-vane agitator delivers an industry-best 210° wash stroke that produces unparalleled cleaning results.
- Extract speed of 710 RPM spins clothes out drier.
- Advanced suspension system eliminates the possibility of an unbalanced load issue.

SINGLE LOAD DRYER

With an easy-to-clean large lint compartment and a reversible door to accommodate your laundry design, Speed Queen® single dryers are designed to suit any laundry's specific needs. The 2.06 sq. ft. door opening is the largest in the industry, providing easy loading and unloading for residents.

- Durable galvanized steel cylinder with an extra-large 7.0 cu. ft. capacity.
- High efficiency exhaust blower with superior airflow of 220 cfm.
- Space-saving narrow cabinet 26.875 inches.
- Front access for easy serviceability.

STACK DRYER

Get twice the drying capacity in the compact floor space of a single dryer with Speed Queen® stack dryers. Combined with extra capacity for large loads, the stack dryer gets the maximum amount of work done without breaking the bank -- or your laundry design.

- Extra large capacity, 7.0 cu. ft. per dryer.
- 2.06 sq. ft. door opening is the largest in the industry, providing easy loading and unloading.
- 10-degree tilted control panel allows control visibility without bending down, improving the customer experience.
- High efficiency exhaust blower with superior airflow of 220 cfm.
- Durable galvanized steel cylinder.
- Doors are reversible for installation flexibility.
