

SPEED QUEEN® INSIGHTS

Build Resident Satisfaction

Laundry for today's lifestyle.

A laundry experience for more satisfied residents.

Technology is reshaping the way people interact with their environment, creating unprecedented levels of convenience, reliability and ease of use—and they expect the same from their laundry rooms. That means today's property manager is challenged with understanding the needs of a new generation if they are to reach new levels of resident satisfaction.

Powered by the world leader in vended laundry, Speed Queen® Insights takes the proven performance of Speed Queen and applies it to modern technology to make your life easier and your residents more satisfied. Speed Queen Insights empowers residents with the ability to do laundry using a technology with which they are already well acquainted—their smartphones.

Enhanced resident comfort starts here.

Let them do laundry in luxury.

Mobile payments improve residents' satisfaction.

Residents expect more from their living experience. Smartphones have opened up new worlds of convenience and connectivity, and they're looking for the same from all facets of life—including their laundry. Speed Queen Insights lets you meet—and exceed—their expectations with an easy-to-use Speed Queen® app and Speed Queen Rewards. When you give them the opportunity to earn points-based rewards, they'll have a reason to stay home on laundry day.

The keys to laundry room satisfaction:

WASH ALERT™

- Gives residents access to monitor status and availability on every machine in laundry room.
- Allows residents to view remaining cycle time on their machines.
- Residents can send a service message so that any issues get taken care of quickly and with minimal downtime.
- Residents can choose to receive email or text notifications when their laundry is done.

FOR YOUR RESIDENTS:
